MIDWEST LIVESTOCK REVIEW and RANGE AND FEEDLOT SALES

Slaughter steer and heifer prices at the Corn Belt terminal markets were steady to 50¢ higher with Choice and Prime again showing the major share of the advance. All other cattle classes were also steady to 50¢ higher. Salable cattle receipts at the 12 markets totaled 183,000 compared with 200,000 the previous week and 192,000 a year ago. Barrows and gilts closed 25-50¢ lower and sows were steady to 25¢ lower over most of the Corn Belt. Slaughter lambs were generally steady to 25¢ higher, but 25-50¢ higher in Chicago and 25-75¢ up at St. Louis. Slaughter ewes and feeder lambs held mostly steady.

SLAUGHTER CATTLE AND CALVES - The normal marketing pattern was broken up by adverse weather conditions and a larger than normal share of the week's run was marketed on Tuesday. This was the third straight week of moderate marketings and receipts were the smallest for any week since early June. With price advances on slaughter steers largely confined to Choice and Prime, the price spread on all steers was the widest since January 1961. Supplies again included a large share of short fed steers and heifers grading Good. The average weight of all slaughter steers at Chicago was around 30# lighter than the same week a year ago. Slaughter steers sold steady to 50¢ higher with most advance on Choice and Prime and lower grades were steady to 25¢ lower at Chicago and St. Paul. Heifers sold steady to 50¢ higher, the exception St. Paul where prices were weak to 50¢ lower. Cows and bulls were also steady to 50¢ higher and vealers steady to \$1.00 higher.

Slaughter steers: Six loads Prime 1200-1450# at Chicago \$29.75, a new high since January of 1961. High-Choice and Prime 1150-1400# at Chicago \$28.75-29.50 with most Choice 900-1400# \$26.25-28.50. At other midwest terminal markets mixed Choice and Prime \$26.50-27.50, bulk Choice \$25.25-26.75, Good \$22.00-25.25, Standard \$19.00-22.00.

Slaughter heifers: Choice mainly \$25.00-26.50, a few high-Choice and Prime \$26.75-27.25. Good largely \$21.50-25.00.

Slaughter cows: Utility and Commercial \$15.00-16.50, few \$17.00-17.50, Canner and Cutter \$13.00-15.50.

FEEDER CATTLE AND CALVES - Heavy snows hit much of the north central part of the country and the storms not only tended to disrupt marketing plans but also at least temporarily restricted demand for feeder cattle and calves at midwest terminal markets. However, demand generally proved sufficient to absorb the decreased numbers on offer at steady to strong prices. Principal exceptions were at Kansas City where prices ruled strong to 50¢ higher and Sioux Falls where extremely heavy snow falls all but brought trading to a standstill and prices on those sold

ruled 50¢-\$1.00 lower. Although the general picture was distorted by the effects of varying weather conditions, over-all trading indicated a seasonally expanding demand was developing for cattle that can be readied for the start of a new grazing season. At several markets thin yearlings commanded a decided premium as compared with prices for fleshier kinds of the same grade and weight.

Feeder steers: Good and Choice 800-1050# largely \$21.50-24.50. Not many over 900# exceeded \$24.00 but at Chicago a few Choice 900-950# brought \$24.25-25.00. At Sioux City, Choice, partly fattened, 1043# sold at \$23.75. Occasional shipments Choice 550-600# \$27.50-28.50; bulk Good and Choice 550-750# \$23.00-27.00; Choice 650# included at \$27.00. Medium and mixed Medium and Good 550-750# sold from \$19.00-23.50.

Feeder heifers: Scattered sales Good and Choice 525-750# ranged \$21.50-25.50. Choice 516# short yearlings reached \$27.00. At Omaha a part load Good and Choice 800# sold at \$23.25.

Feeder calves: Limited numbers of Choice and mixed Choice and Fancy 350-550# steers \$27.00-32.40; several loads Choice and Fancy 525-565# \$30.00-30.50. Good and mixed Good and Choice 300-550# sold from \$24.00-29.00. Good and Choice 300-500# heifers \$22.50-27.50; few loads Choice 400-475# included at \$26.00-27.50 while two loads Good to mostly Choice thin 413# \$27.75.

HOGS - Terminal markets - Barrow and gilt prices at most of the eastern cornbelt markets were at the lowest level since early December, 1961. A combination of factors influenced the 25-50¢ lower trend. Heavy snowfall and poor road conditions interrupted the normal flow of hogs, and receipts came in unusual proportions. The Tuesday and Friday runs made up nearly half of the five-day supply at many markets. Furthermore, the Washington's birthday holiday was observed by most of the major packers and had a restraining effect on demand. The only strengthening factor was a steady to \$1.00 higher pork carlot trade in most of the major wholesale areas. The sow class made up about 7 percent of the 8 market supply. Sow prices at the majority of the terminals were steady to 25¢ lower, however, St. Paul, Sioux City, and Indianapolis were steady to 25¢ higher. The average weight of barrows and gilts was 231#.

Barrows and gilts: U. S. 1-2, 190-240# \$16.75-17.25. No. 1-3, 190-240# \$16.25-17.00, mainly \$16.50-16.75.

Sows: No. 1-3, 270-400# \$14.50-15.50, No. 2-3, 400-550# \$14.00-15.00.

At St. Paul a moderate showing of Choice 120-150# feeder pigs were steady at \$15.50-16.00. A small volume of Good and Choice 140-165# offerings at Sioux City brought \$14.75-15.25.

Hogs - Interior Iowa-Southern Minnesota area receipts totaled 305,000 head, compared with 330,000 last week and 344,000 a year ago. The Thursday holiday and adverse weather tended to reduce receipts. Barrows and gilts closed the week 25-35¢ lower than the previous period, sows were steady.

Barrows and gilts: Most U. S. 1-3, 200-240# sold late at \$15.75-16.40, U. S. 1 and 2, 200-230# \$16.25-16.75.

Sows: U. S. 1-3, 270-400# \$13.85-15.25, No. 2-3, 400-550# mainly \$12.50-14.00.

Hogs - Int. Illinois - Receipts at 94,000 are compared with 92,800 a week ago and 99,100 a year ago. Demand fair throughout the week. Barrows and gilts closed 25¢ to mostly 50¢ lower; some 230-240# 75¢ off. Sows closed steady to 25¢ lower.

Barrows and gilts: On Friday U. S. 1-3, 190-225# \$16.00-16.25, few 200-220# \$16.35-16.65, No. 1-3, 220-230# \$15.75-16.00; most No. 1-3, 230-240# \$15.50-15.85.

Sows: U. S. 1-3, 250-400# \$13.00-14.75; few \$15.00-15.15; No. 2-3, 400-500# \$12.00-13.25.

SHEEP AND LAMBS - Receipts at the 12 terminals numbered 89,000 head, 12 percent below last week and 16 percent under a year ago. Heavy snowfall over the midwest was responsible for much of the reduction of marketings. Competition for storm curtailed numbers was offset by lower carlot dressed lamb prices and slaughter lambs closed steady to 25¢ higher at most points. Slaughter ewes and feeder lambs were mainly steady. Woolled slaughter lambs comprised fully 80 percent of receipts at most centers, although shorn lambs predominated at Fort Worth.

Slaughter lambs: Bulk Choice and mixed Choice and Prime 85-113# woolled closed at \$17.50-18.00, few shipments 90-109# \$18.25-19.00, the latter price for 3 loads 95-106# lambs at Chicago. Choice and Prime 114-123# \$16.50-18.00. Good and Choice 80-110# \$16.00-17.50. Bulk Choice and mixed Choice and Prime 87-109# shorn with No. 1-2 and fall shorn pelts \$16.40-17.50, few consignments with fall shorn pelts \$17.75-18.00. Good and Choice 81-110# \$15.25-17.00 including Choice with No. 3 pelts \$15.25-15.50.

Slaughter ewes: Most Cull to Good woolled \$3.50-7.75.

Feeder lambs: Choice and Fancy 60-90# woolled \$16.25-17.25, Good and Choice \$14.00-16.75 including Choice \$15.00-16.75. Good and Choice 74-84# shorn feeders with No. 2 to fall shorn pelts \$13.00-14.00 at Fort Worth.

Sheep and lamb receipts in the Interior Iowa-Southern Minnesota area numbered 21,700 head, 11 percent more than the previous week's storm reduced marketings and the same as last year. Limited kill requirements for Thursday's holiday coupled with expanded numbers on offer served to narrow demand late and slaughter lambs closed fully steady. Slaughter ewes were strong. Woolled offerings made up around 90 percent of the lamb supply.

Slaughter lambs: Bulk Choice and mixed Choice and Prime 90-110# woolled delivered to

packing plants closed at \$17.00-18.00 mainly \$17.50-18.00; a shipment Choice and Prime 100# \$18.25 early. Choice and Prime 110-115# \$17.00-17.50 late with Good and low-Choice 85-110# \$16.00-17.25. Bulk Choice and mixed Choice and Prime 85-110# shorn with No. 1 and fall shorn pelts \$16.50-17.00, Good and low-Choice \$15.50-16.50.

Slaughter ewes: Cull to Good woolled \$2.00-5.50.

WHOLESALE MEAT TRADE REVIEWS

LESS THAN CARLOT MEAT TRADE REVIEW

EASTERN SEABOARD - Steer beef sold steady to 50¢ higher at most Eastern wholesale markets but New York was mostly steady to weak. Cow beef sold 50¢-\$2.00 higher; veal and calf steady to mostly \$1.00 higher; lamb weak to 50¢ lower at New York and mostly steady at other markets. Pork cuts were mostly \$1.00 lower at Philadelphia. Pork loins were steady to \$1.00 higher at most Eastern markets except \$1.00-1.50 lower at Washington. Boston butts and fresh skinned hams were steady to \$2.00 higher; spareribs steady to \$1.00 lower.

Kosher dressed steer forequarters were strong to \$1.00 higher and lamb mainly steady to \$1.00 up. Kosher veal and calf held steady.

Supplies of all classes were normal for the holiday shortened work week. Fairly complete clearance was reported at most markets, but some lamb was carried at New York. Clearance was not complete on beef in Washington. Demand for beef was generally fair for carcasses and cuts and trading moderately active. Trading was slow on a liberal showing of Good carcass beef at New York and was the principal weakness of the market. Veal and calf numbers were limited. Demand was moderate. Trading was rather slow on lamb with demand only fair. Pork cuts were fairly active under moderate demand.

CHICAGO - Steer and heifer beef prices were steady to 50¢ higher; veal and lamb steady; pork loins 8-16# steady to \$1.00 higher, advance on 12-16#; Boston butts 4-8# and spareribs 3# and down steady.

Supplies of veal continued small. Beef, lamb and fresh pork offerings only moderate early in the week, but became near normal later. Many shipments scheduled for Monday arrival were delayed in transit due to adverse weather in the area. Beef supplies were primarily Good to low-Choice; lamb in the 55-65# range exceeded the volume of lighter weights.

Carcass beef trade was only moderately active with the bulk moving in the form of primal cuts. Hindquarters, rounds, loins and ribs moved readily at strong prices. A fairly good demand for arm and squarecut chucks on the initial session narrowed and prices worked lower. Despite a rather slow veal trade, demand was adequate to clear limited numbers. Carcass lamb and all primal cuts sold in a fairly active trade. Trading on hotel ribs was fairly active. The fresh pork trade generally slow with re-

placement costs of loins and butts slightly higher.

PACIFIC COAST - Carcass steer and heifer beef sold fairly active, strong to mostly 50¢ higher in California and about steady in the Pacific Northwest. Cow beef was rather slow, generally steady; bull beef steady to weak. Veal and calf was slow, with prices steady in the Portland-Seattle area and Northern California. Calf was moderately active, strong to \$1.00 higher in Los Angeles but veal supplies were too limited to fully test prices. Lamb sold in generally slow trade, mostly steady but occasionally \$1.00 lower on volume sales in Southern California. Fresh and cured pork items were fairly active, steady except fresh loins and skinned hams were strong to \$1.50 higher in California.

The supply of carcass beef was above normal in the Pacific Northwest; moderate offerings were available in California except Choice 700-900# steer less than normal. Supplies of all other classes were moderate.

CARLOT MEAT TRADE REVIEW

CHICAGO, DENVER, OMAHA, NEW YORK AND PHILADELPHIA - Although trading was slow early on carcass beef, slightly less than normal supplies were a factor in improving demand by midweek and the later trade was active with prices higher. Choice steer beef sold strong to \$1.00 higher with the average price at some centers the highest since the same week last year. Good grade steer beef sold steady to 50¢ higher. Heifer beef was strong to \$1.00 higher, the most advance on Choice grade. Cow beef was steady to 50¢ higher. Clearance on beef offerings were generally complete at shipping centers.

Demand was moderate on normal supplies of carcass lamb and prices were weak to \$1.00 lower, mostly 50¢ lower. Clearance was fairly complete. Supplies of pork products were fully normal and loins sold 50¢-\$1.00 higher. Pork butts sold mostly 50¢ higher. Fresh hams were uneven with the general trend steady to \$1.00 higher, although weights 14-16# were \$1.00 lower at Chicago. Pork carcasses sold steady at New York and 25-50¢ lower at Philadelphia. Clearance was generally complete.

BOSTON WOOL MARKET REVIEW

Supplies of greasy domestic worsted wools were small in the Boston wool market. Prices were firm.

Trade in woolen wools and noils was about steady with supplies very limited. Noils prices held firm in all foreign markets with demand narrow.

There were occasional sales of mostly fine and fine medium wools in the territory States with a few lots of 12 months and fall wools sold in Texas. Barn shearing continued in the fleece wool States but the severe snow storms limited sales.

Australian quotations at midweek were irregular with Continent and Japan the principal operators and supported by the United States and Bradford. Some cables showed the market opened in Sydney par to $2\frac{1}{2}$ percent lower. General competition prevailed in New Zealand with prices about steady. The Cape market was uneven with demand mainly from the United States, France, Germany and Italy. Activity in Montevideo was dull with prices about steady compared to recent weeks while the Buenos Aires market was slow.

Fleece Wools - Medium grade fleeces in original bags sold at \$1.05 clean basis.

Territory Wools - Recent contracting in Montana showed a mixed clip of fine and half-blood for March delivery at 42¢ grease basis while a 1962 Wyoming clip of bulk half with some 3/8s sold for immediate shipment at 44.25¢ f. o. b. Arizona sales of bulk fine wool with an edge of half-blood totaling 215,000 pounds ranged from 39¢-46¢ grease basis, f.o.b. Mostly medium grade ranch wools were contracted in Oregon at 50¢ grease basis to the growers.

Texas Wools - Greasy 12 months wool sold in Texas around \$1.27-1.30 clean basis, delivered, while interest continued in fall wool ranging between 95¢-1.00 clean basis, delivered.

Mohair - A fair volume of mohair sold at 71½¢ for adult and \$1.01½ for kid hair to the warehouse but trade in the local market was very slow.

Foreign Wools - Spot foreign wools continued slow. Quotations were somewhat irregular in Australia and South Africa during the week with an easier tone at Invercargill, New Zealand. Cabled reports at week's end follow with combing wools converted to clean U. S. oil-combed yields and short wools to scouring yields, in bond.

Carpet Wools - The carpet wool trade continued dull. At midweek, cables from Buenos Aires reduced quotations one-half cent reflecting the tendency in New Zealand toward a lower basis. At the Liverpool sale of Pakistan-India wools tinged Jorjas were offered at $2\frac{1}{2}$ percent lower with other sorts generally unchanged under narrow demand. Spot Buenos Aires November second clips were offered at 73¢-73½¢, March wools around 71½¢, white Pakistan carpet wools at 75¢ and white Bibruk at 73¢; New Zealand carpet wools were offered for shipment as follows: "B" style fleeces at 75½¢ and "B.C." style at 74¼¢, all clean fibers present.

Woolen Wools - Sales follow:
